

AI Overview

Learn more 

The average price of an airpark hangar home can vary significantly depending on location, size, and amenities, but generally falls within a range of \$500,000 to several million dollars; with most homes in established airpark communities starting around \$1 million or more. [🔗](#)

Key points to remember:

**Location matters:**

Prime airparks with desirable features like scenic views or proximity to major cities will command higher prices. [🔗](#)

**Hangar size:**

The size and design of the attached hangar directly impacts the price, with larger hangars accommodating larger aircraft costing more. [🔗](#)

**Home features:**

The quality and size of the living space within the home also contributes to the overall price.
